## The Transfer Of the Heavenly Kingdom

In the last Report "Has Gihon Begun?," I shared about the wonderful first meeting in my fifth trip to Africa, reporting: "I have been teaching Bride going on twenty-seven years, and in Kenya for five years, and there has never been a more profitable and exciting meeting."

As great as it was, the meetings that followed where I went out and taught at other locations were all as usual. Yes, they were all successful, and I could never have even a single teaching in America as successful as the least of these. And most interesting, at one of these initial teachings, I had just gotten started laying out the information in the way I always begin; but suddenly I knew I could not go any further. I looked at Caleb, who was interpreting, and told him that the Father was not giving me any direction in what to say, and after several minutes even told the people this. I thought they would object, for this had never before happened in my life; but they actually understood and had great respect for me, saying that their pastors would have just continued with something. And after I was unable to continue, we left.

The next day, I was to teach two other meetings, and was now concerned about the fate of those. But as we drew close to the location, the Father showed me how to start it. I was to concentrate on an explanation of what is the kingdom of God/heaven, and proceed from there, beginning with the testimony of first a masculine Adam work, followed by a feminine Eve work. Of course this is the masculine Body of Christ, followed in time by the feminine Bride today. It was a wonderful effectual way to begin, and with this focus was most profitable. All in all, after the first teaching in the Bride Hall,, we then completed five additional days of teachings, and then Jim McManus and I caught our return flight home.

Most interesting and worth noting, in our return flight I had the opportunity to separately share with two Christians from Kenya concerning the Bride, one even being from Rongo. But they were now living in America, and with this attachment, even they could no longer hear or understand. The spirit of blindness that is upon America had settled on them as well, just like it has on the whole of blacks in this country.

Now, having shared this, let me share with you where I believe the Bride is at this time. It will take somewhat of a significant explanation. And as you will see, these two testimonies the Father uniquely provided to me on our return flight are most relevant. In hindsight, Yahweh was in perfect control of these two unique testimonies.

America is the kingdom of heaven/God at the nations level. As addressed [here](#), "Amer" is Old Gothic for "heaven." "Ric" means "kingdom," as in Germany's Third Reich. And the "a" at the end makes it feminine. Thus by its very name, America is the "heavenly kingdom," or the kingdom of heaven. And, what has happened to America in the last horrific presidential election, is happening to the heavenly kingdom!

America is failing and is being rejected! And most importantly, the reality is that it is a clear testimony as to the same transition that is taking place in the kingdom of heaven! Let us see.

In [“How To Untie A Donkey,” page seven](#), posted December 24, 2009, we read:

There are those who have said that England and America follow in this very pattern, where Manasseh is England, and Ephraim is America. Of course this certainly fits, for England clearly once had a national greatness that surpassed all nations. During that time the sun never set on the British Empire. But even more so, the Holy Spirit was richly poured out on England and many great works came from them. But, the greatness and Spirit essentially left England—Manasseh—and went to America—Ephraim. Yahweh thereupon provided many outpourings of the Spirit on America, and blessed it to the extent that it indeed became greater than England, and is certainly “a multitude of nations.” Meanwhile, England lost its spiritual zeal and became spiritually stale/dead. So, it does indeed seem that England and America have followed in the testimony of Manasseh and Ephraim as world powers, both naturally and spiritually.

And this conclusion is thereupon drawn:

America, like Christianity, has become corrupt and is poised for utter failure. Spiritually, it is shamefully pathetic! If America receives many more years, it will be like the three hours of darkness on the cross and the cry, “My God, my God, why have you forsaken us?” What then is the answer? The same pattern as the church: To cut America’s days short and go back to Manasseh, England. Like the first and second Remnant, Yahweh must finish the work in England that He began there, having now split it to make it clean.

England → America → England

As horrific as the 2020 elections were, and were hard to watch, Yahweh has departed from America in its placement as His focus, and is returning to England. Does this mean that England is perfect or any better? Not at all! In some ways they are even worse. But, the question is: Where will Yahweh once again pour out His Spirit? I believe the best, and maybe the only possibility, will be England. He has also provided one of the latter-day apostles there—James Hogan. And this brother is uniquely associated with the Bride work in Africa, as it is he who provided the bulk of the finances to build the Bride Hall. And he did so sacrificially by cashing in his retirement funds. And I would add that each one of the six chosen apostles serve sacrificially. James’s hope for the future—and the hope of the other apostles as well—is indeed the Bride, and they all live out what they believe. But interestingly, the Father did not allow James to go to Africa with us, but to remain in England. He was a great blessing to the Africa Bride, and hopefully he will be an equally great and even greater blessing to England. And actually, we had no perception of any of this until I returned home, and it was on that very day, what I am sharing with you here became evident.

According to the will of the Father, James heavily invested in Africa. And though he could not go there, I do believe that as to what all mankind desperately needs today, it

will be revealed in England. From the beginning, those in Africa have told me that they believe a work will begin in Africa and will spread to all the earth. We most certainly saw that at one time in the history of England, and I do believe that that is what we will see in the Bride. I have labored in Africa for five years, and now that work will go to England. Again, it is England → America → England, and the Africa work—on which its image is that of Satan—transfers the office of Judas back to a man, the Elijah. That is Judas → Satan → a man. Satan has to forfeit his role and power, and what more appropriate place to do so than in Africa.

So now we wait. England is locked down because of the COVID virus, preventing anything further at this time. But, it gives James time to prepare. How and what all of this will look like is yet to be seen. But there is most definitely something from the past that tells me it will indeed take place. Let me explain.

In 1992 I began building a home for women and children, and in 1994 we had our first and only resident. Her name, of all names, was Bonnie England. “Beautiful England.” And today that testimony will undoubtedly be fulfilled at a much higher level. And as well, of all numbers, she had nothing less than five children, and they were all girls. Thus, we see the Bride. This gives me great hope that that which was sown into death at the ranch, can all the more come to fulfillment in Bonnie England. And most interesting, Bonnie suffered terrible dreams at night; but when she joined my wife and daughters and covered her head, those haunting dreams left her. Today may we, the afflicted Bride, get victory over Satan.

And in light of Bonnie’s five girls, I find it significant and relevant that I sequentially and miraculously caught five fish from a pond wherein Yahweh specifically told me, “[Fish on the other side.](#)” Usually in America, “On the other side of the pond” refers to none other than England. So it seems evident that fishing on the other side of the pond will have its fulfillment in Bonnie England. I went there a year ago and caught one fish, James, and got nibbles from two delightful sisters at a restaurant named nothing less than “The Garden,” or the two-part Bride in the Garden of God. And the fulfillment of those two sisters as the Bride is stated in Song of Songs 8:8-10: the first sister having no breasts, while the breasts of second sister “were like towers.” So we need to go back to Bonnie England and complete the two sisters, the Bride.

Now, let us more specifically address for a moment this evidence of the blessing going from America to England. This last election was nothing less than an evil scam orchestrated by the despicable and corrupt Dems. In plain language, they stole it! But, it was also according to the will of God, for He is obviously returning the blessing back to England—and that not even because they are worthy, for they are not. Trump is a testimony of Yahshua, the head of gold; but he was unlawfully rejected by not only the despicable Dems, but by the complicit RINOs (Republican in name only). For the sake of power, they destined our nation to certain destruction! All of this marks the dire testimony of losing the blessing of Yahweh God, and it going to another, returning to England. Now, how all of this will unfold, we do not know. But James Hogan was called to restore the kingdom rights to England, and that according to the will and choice and government of the Father. We will watch and wait and see. But clearly, a seed has been planted there!

And, this is not so much at the nations level, but at the spiritual. England was once a spiritual blessing, but no more. They once ruled many nations, including Kenya. That is evidenced throughout that country. In fact, I have heard it said there in Kenya that they wished the Brits still ruled them. There are a LOT of injustices in Kenya! But it is not England they need, but the rule of Immanuel with His Bride. And that is only possible with the Bride in heavenly bodies, doing only the will of the Son and the Father.

In summary, Africa was an essential work in defeating Satan, his image clearly evidenced on that continent. But he has to lose his place and a [Mordecai](#) receive it. I trust that has been done and our next focus be in bonnie England where Yahweh has already set forth an apostle. And this is the place were ten years ago Yahweh sent me and revealed to me the significance of adding the fifth. And it seems most relevant that the man at that time who drew me there gave me his tithes of two thousand pounds, or the two thousand years of the church over which Satan has ruled.

Am I just fictionalizing this? No. Not at all. These testimonies are explicit regarding Bride truth and have to be reckoned with. There is the strong testimony of Satan in Africa, and James could not go there. And ten years ago the Father sent me to England and gave me the testimony that there was a work in bonnie England that had to be completed. Therefore, it is incumbent that we give attention to what He has given me already: the testimony that the kingdom began in England, then went to America, and must return to England. Of course England per se is not the needed fulfillment, but merely a type. The true fulfillment is:

First Remnant (England) → Christianity (America) → Second Remnant (England)

Why we have to walk this out relative to the nations level, we will leave with Yahweh. But obviously He is ordering this. And now we will wait and see when I will be able to return to England. Types are indeed relevant. Keep in mind, it was in types that Yahshua made possible our salvation. The garden, the Passover lamb, the cross, finally the wine\*, and piercing His side—all were types whereby redemption was afforded to mankind. So we dare not despise the five-year work in Satan-headed Africa, followed by bonnie England where Yahweh evidenced adding the fifth, and having already added an apostle there who is most eager to go out and teach, and already has a plan for it. (\*Most notably, the wine was associated with Elijah: “This man is calling for Elijah,” [Matt 27:47]. Amen.)

So, what are we to do but walk out what we see the Father is doing. And again, we will leave this in the Father’s hands. But the very day I returned from Africa, He showed me the clear path to follow. And before all of this, if necessary I was ready to quit. But as it is written:

Although the Lord has given you bread of deprivation and water of oppression, *He*, your Teacher, will no longer hide Himself, but your eyes will see your Teacher. Your ears will hear a word behind you, saying, “This is the way, walk in it,” whenever you turn to the right or to the left (Isaiah 30:20-21).

Now, how can we walk otherwise?

Thus, we will see what the Father does, for clearly the Bride is His work. Our responsibility is to follow in His ways, and we do indeed see the way. Bride truth is clearly and profoundly evidenced throughout the Scriptures. And let us remember the words of the disciples when the test of faithfulness tried the many: "Lord, to whom shall we go? You have words of eternal life" (John 6:68). The Bride has truly been given the words of eternal life, and we will not die but ascend to Him at the sound of the trumpet. We now look to Yahweh to sustain us, equip us, and lead us to the place of success and fulfillment. Behold Your servants, oh Yahweh.

In closing, I am reminded of my experience in this recent trip to Africa where I stopped my teaching, for I did not know what to say next. But the next day the Father showed me how to begin the teaching, and from there He continued to lead and direct me. Did that happen to urge us to now do the same? I do believe so. He will lead us and we will get the much-needed victory in what we see in the Bride. Blessed be His name forever!

Hello, bonnie England. You have five fair daughters. We wait on Yahweh.

Amen,

Gary

PS: In 2010 I made my first trip to England, and was there from January 19 to February 17. Clearly, it was a first-bird experience that had to die. And the testimony was most clear. I was scheduled to meet with three men. The man who was the key one to facilitate this was Peter. And added to this was a black man named Paul. And finally I was to meet a man near London whose name was John. Do you see the clear testimony: first Remnant Peter, Christianity Paul, and kingdom John? Peter, Paul, and I met in Wales, and all Christianity Paul could do was to talk about himself. And as a black man, as with Africa he had to bear the cross. So was my first trip to England going to give me what I wanted? No. As the first trip, it was a first bird. And thus, fittingly, I was not even able to meet kingdom John. So that first trip was first Remnant and Christianity.

My second trip to England was from January 24 to February 7, 2020, when I met and stayed with James. We met with a few people in a home-group setting where I taught, but with no real progress. The only encouraging contact was in meeting the two sisters at "The Garden" for about three hours. They clearly understood, and it gives hope. And the way of Yahweh is the passing over principle, which is: He passes over the first, He passes over the second, and He takes the third. I pray that the next time I go to England, it will give us the vital success and victory that man so desperately needs!

And now I close with a response from James in England after reading this report.

Solid Insight.

That which you have now seen could not be revealed to you until your arrival home. If what you have seen would have been made known to you at any earlier

time, knowingly or unknowingly, it would have distracted your focus in the completion of the work in your fifth and concluding trip to Africa.

It was vitally important you didn't see this until now. The work which you began on that continent "stone" was a necessary work which has in some way been completed. The legal transfer can and has taken place, as you rightly quote in your draft report 1-20-2021. That is Judas – Satan – a man.

Satan has to forfeit his role and power, and what more appropriate place to do so than in Africa. This now having taken place, we look to what the Father is doing in bonnie England.

What was Jerusalem like just prior to the outpouring of the Spirit at Pentecost?

- In bondage under Roman rule
- Corrupt money changers in the Temple
- Hypocritical self-righteous clergy
- False prophets making money for themselves
- False teachers making money for themselves
- Idolatry
- Many oppressed, sick, and even demon possessed people

Not ideally a good or fertile place for the Spirit to be poured out, you might say! England's current climate could be said to be in similar condition, or even much, much worse!

This situation becoming worse and worse, I suggest being endued with an outpouring of much greater source and power than the first outpouring of the Spirit could affect or change things.

We look to the Father to fulfill His promise, which is so clearly laid out in Scripture—looking to the Bride to bring back Immanuel to the earth to rule and reign for a thousand years.
