## India—Reversing The Curse

I am amazed at how the Father can reveal truth to me, truth that neither I nor anyone else has ever seen or considered before, and understanding it so completely. And, this is most frequently while in my mother's womb, the tub. I didn't choose this, it just happens. You could even say He uses the foolish to shame the wise, but I call it intercession, or even identification. He is birthing truth. And, I'm not even thinking about something, and out of the blue I see it, and generally in its fulness! And this just happened again. But for you I have to lay it out piece by piece. So here we go.

When Christopher Columbus came to America, he thought he had arrived at none other than India, and thus he identified the people as Indians. And by the will of God, it is a name that has stuck with them—native Indians. And India is the place where Caleb, Jim, and I will be going. But let us continue this story as it unfolded in America.

America was settled by Caucasians. But soon, they needed people to work, and the slavery of the black man of Africa afforded this. And keep in mind, God designed this. But it is important to know that the black man is cursed, going all the way back to Ham, as well as a black man carrying Yahshua's cross. And do not forget, Satan's image is clearly on that continent! And I assure you, with almost seven years of the Bride being there, and seven lawyers murdered who were defending us, and many other individuals killed as well, it leaves little doubt that Africa is cursed! So, what did that mean for America? That curse was brought with them. Look at their murder rate, and their abortion rate. Look at the prison rate. Look at the state of the black family. They are cursed. And I guarantee you, nobody knows this more than the people in Africa!

So where am I going with this? I'm a realist. God has got to do something to fix and even reverse this. Man cannot fix it. So what is the answer? The Father must flip it and make it clean. That is His way. He must take the curse off of the black man and turn this for good. In the last few months, Rian Burger in Australia has been working on a writing that is all about this critical flip. It should be coming out soon.

So what does this have to do with what I have thus far stated concerning Columbus and American Indians, and India, and now Caleb and Jim and I going there? Our trip is a marker of passing from cursed Africa, and going to exactly where Columbus thought he had arrived—true India! The Father needed to bind Satan, thereby reversing the curse off of the black man attested by Caleb going to India, and him preceding Jim and I. And those are exactly our plans. Caleb is leading the way, preparing the way for truth for the true Indian people, and thereupon Jim and I immediately following. The Bride work has to now be flipped to India, as it was once expected by Columbus. This was its original planned destiny! But as with the church, it was too early. NOW though, on the "third day," the third thousand-year period of the church, we go to India and hopefully succeed!

The fact is, America is a first bird that fails, including the black African in America. But Yahweh has to flip it and make it clean, which is the finding of Rian Burger, whose work

will be published soon. What we look for is for Yahweh to use Caleb, a black man from Africa, to prepare the way for Jim and I, and for Columbus actually being right and India being the goal and work that America has failed to accomplish. And quite amazing, "Columbus" actually means "dove," and that is what we so desperately need—the dove of the Holy Spirit going to India! Yes Father! And remember, Noah sent out the dove to look for a resting place. Yet He found none in America, and it is our sincere hope that He will now find it in India. So may it be oh Father!

Spiritually, Columbus was not wrong, and though he did not achieve what he set out to accomplish, the Father will. And He is using a black man from Africa to accomplish it. And yes, Caleb has had his many challenges and obstacles while there, but he has relentlessly persevered and gained success, turning even our "enemies" into our brothers. I have seen this myself. And what we want to happen now is for the Father to flip the curse that has been on Africa, clearly evidenced by Satan's image on that continent, and bring forth the blessing on India—which significantly has the same image, but [with the cursed horn removed!](#)

And I cannot emphasize enough that what Columbus thought he had accomplished, is precisely what has to be accomplished today—not in America but indeed in India. The blessing needs to now go to India! And a black man from Africa is reversing that curse, making it a blessing! Likewise, the Father needs to reverse the curse on man, and hopefully we will begin seeing this as well as we go to India! And finally, may Satan lose his authority, and the office he acquired from Judas return to a man. May Yahweh be glorified forever and ever!

Amen!

Gary
