

# GARY REPORT

## The Passing Over Principle In Africa

Before providing a report on the details of what took place in the remainder of our time in Africa, let us first examine some vital conclusions. Yes, Jim and I returned to the U.S. on December 30; but what is most important is not only what the Father performed in this trip, but also what He will do in the time yet before us. Let me explain.

In around 1980, I obeyed the Father and moved to Dallas, though actually living in the suburb of Garland. Yahweh told me not to buy a house but to rent, and the money we made in our house sale we lived on for about a year. It was indeed a very significant time as He taught me His ways. And one of the ways He taught me was the Passing Over Principle. And, what was most unusual was that He used my life experience to teach me this. That principle is: He passes over the first, He passes over the second, and He takes the third. At that time I could not provide a single scripture to prove or demonstrate this, but I knew from my life it was indeed His way. Later on He showed me this in the Scriptures, and you can read about this vital way of the Father by clicking [here](#).

So, why do I bring this up at this time? Because in these trips to Africa, it is being evidenced that He is now fulfilling what He personally taught me in about 1980. The trip we just now completed evidences that it was the second part of this most important three-part principle. Let me explain.

Trinities are the way of Yahweh. Of course He Himself is the Father, then there is the Son, and then the Holy Spirit. Our like pattern is spirit, soul, and body. And while the Passing Over Principle is equally a three-part work, it has that unique aspect that the first two parts precede and afford the fulfillment in the third part, and not in the preceding two. Of course the covenant pattern has the same three parts, where the first and the last are alike and the second is different. But even in it, in reality the third part is the consummating fulfillment—the second Remnant. So we see that this Passing Over Principle is essential in the administration of God in carrying out His works. And not only is this what He revealed to me in about 1980, but it now seems evident that this is what He is performing in these trips to Africa. Let me explain this.

I have now traveled to Africa on two occasions. The first was in 2015 and into 2016. That was for three months. It was a wonderful beginning; and for the three years following, Bride truth was taught all across that vast continent. Next of course was our trip just completed in December, 2018. While we wanted to see the latter rain, based on this subject pattern it was instead the breach period that would testify to Christianity—and so it was evidenced! While the trip was most productive in spreading Bride truth, it had the elements associated with Christianity as well. First, there were threats on our lives, to the extent that our teachings in Nairobi had to be canceled. Also, there was a testimony of the troubling third-part body (spirit, soul, and **body**)—that the body comes short and is baptized into death or cut off. Such has been the fate of Christians for two

thousand years. And upon this cutting away of the third-part old man, Jim McManus and I and the brothers proceeded forward to teach, even to the end.

Finally, in our last meeting held in Rongo, there was issue after issue that affected the attendance, and we had to pay to get two hundred planned attendees out of jail for riding on busses without seatbelts. Welcome to Africa. But regarding all of the teaching sessions, they were very effective and Yahweh's truth was received with great joy! But they clearly came with trouble and concern for our own lives. In fact, two men were jailed because of their attempts to kill us. But we survived, and now await the fulfilling third part in this trinity, which I will now address.

During one of our travels to go teach, Caleb told me something that certainly caught my attention. While December is not a good time to have a large meeting, he told me of their plans to have a large four-day conference in Rongo of some six thousand in the month of August. In reply I pointed out to him that that would be the twenty-fifth anniversary of the beginning of the Bride. On August 7, 1994, my birthday, the Bride was birthed. On that day I realized that I was still a Christian and fell before Yahweh and cried out for a way of escape! He told me to leave everything and move to Washington State, which I forthrightly did. Caleb then noted that that would indeed be the date associated with the conference. So, Jim and I will now make plans to travel to Africa for this third time, and hopefully it will be the third-part fulfillment we need. In my own reckoning, I hope this will be the beginning of the latter rain of the Holy Spirit, the shemen (the Hebrew word for "oil") of the Holy Spirit that will impregnate the Bride (as with Mary) and birth Immanuel back to this earth!

Thus, my first trip in 2015-16 was the "First Remnant" work. The trip we just completed was clearly the "Christianity" work. There is more evidence I could share about this. And the third trip will be the fulfilling "Second Remnant" work. And based on the Passing Over Principle, Yahweh passes over the first, He passes over the second, and He takes the consummating third. Amen!

Let me now provide further details regarding our trip. Following the last "Gary Report" on December 19, the Bride teachings were presented every day except one, adding yet another 2,352 people from seven different locations in Kenya who joyfully heard the good news and truth regarding the Bride and the kingdom of heaven. This brought the total of those taught during this time to 3,502. That is three times the number I taught the first time I was there for three months. The largest meeting we had in this trip was the final one in Rongo with 698 attending. And there were another 200 on the busses who wanted to be there but were arrested when passing through traffic stops and detained due to not having the required seatbelts. But after I left, on December 31 and January 1 Caleb taught those individuals and more, totaling 380, in a meeting in Busia—where all of this violence first began! Evil has been turned to good. And again, this is going to the roadways and hedgeways.

Busia was very significant to us as it was the source and beginning of this great and costly test with regard to Satan. In fact, it was to be saved to the last as a testimony to Satan's defeat. To me, a meeting in Busia was to stick our finger in his eye. But Jim and I were not to experience that, and I pray that this will be fulfilled in the third-part teaching in Rongo in August of this year.

So now, we look to the end; and until then let us be faithful in everything. Also, to the doubters and unbelievers, let it be seen that the Africa work is true and very real. And I ask you and all to fully support this work of the Father for these last days. Be faithful, lest you be left out in the end. "Walk in a manner worthy of the calling with which you have been called." And, "From everyone who has been given much, much will be required; and to whom they entrusted much, of him they will ask all the more."

Be faithful,

Gary
