

GARY REPORT

Important Pre-Trip Update

On Monday, November 12, Constable Rubben and another brother—Pastor Raymond, who is a part of the plans for the meetings in Nairobi—were walking along the streets of Nairobi in order for Rubben to catch a van to go to his home. But suddenly a man came up behind them and shot Rubben in the head, killing him. The assailant instantly disappeared into the crowd. When Caleb called and told me this, he was very upset and concerned for his own life as well. Over these last two years, there have been many to fall to this fate, either by murder or natural death and even one by a beast. In April, 2017, Rubben had placed seven men in jail for various crimes against Bride members. And later that month, a bishop was also jailed for threats against me. Then in June, 2018, seven more were put in jail by Rubben after an attempt to kill Lawrance and steal the Bride car. And on Halloween of this year, Calvins and another bishop were put in jail by Rubben, and each received sentences of seven years.

When Caleb told me about Rubben's death, there was obviously great concern and sadness in his voice. So I asked him, "What do you want to do, Caleb?"—wondering if these plans in Nairobi were getting to be too much for him. But no, he instead insisted that we continue for the kingdom's sake. With this I affirmed that I too would be there, that we would press on even though the enemy, Satan, was obviously fighting against this. And the mere fact he fights against this evidences his fear of it.

For me, and certainly for Caleb, there is no other choice. How can we give in to Satan when it is him whom we seek to put to an end? He fights as he does because he knows his end is at hand. "For this reason, rejoice, O heavens and you who dwell in them. Woe to the earth and the sea, because the devil has come down to you, having great wrath, knowing that he has only a short time" (Revelation 12:12). It is the Bride who replaces him, and the Elijah takes the office he has had for two thousand years. No, we will not give up; and Jim McManus, Tommy Tillman, and I continue to go forward with our plans to be there. I pray and trust that light will overcome darkness, and that truth will overcome deception. Satan entered into Judas and took him to death, and I pray we will effect the final and much-needed "death" of Satan. Yahweh rebuke you, Satan! Get out of us! Get away from us!

Related to this, of late I have been reminded of a spiritual dream I had well before Bride, where in it I was standing at the mouth of a dark cave and was about to enter into it. I knew there was evil in it, so I held my hands before me with my palms extended forward, and I began to enter into the darkness. Soon I realized that to my right there was a fence-like structure, and on the other side of it were gray stone figures that were all frozen into action stances, as though they were cut off from life and frozen there. But soon I could feel them reaching out and touching my extended right arm and they were now coming alive. And interestingly, when God called me into the ministry in 1978 or so, He told me to name the church "Come Alive Fellowship." I guess I am finally going into the ministry.

With these coming alive, soon I could see a bright light deeper into the cavern and continued my walk towards it. Upon entering into the full and brilliant light I saw a platform about eighteen inches high, and on it were the apostles in white robes. They were in three successive rows of four each, and I stepped up on the platform between the first two men to my left, passed through the second row of four as well, and then stood in the back row in the place of the missing twelfth, turning around to stand with them. And then the dream was over.

It was not until Yahweh began revealing to me Bride truth that I understood this dream. This is the Elijah standing in the vacated office of Judas, and I pray this will now be fulfilled. As we prepare to go to Africa, with all that has gone on of late, it has all the evidences of that dream where I go into darkness, knowing there is evil in there. This is all too true regarding the events leading up to this second trip to Africa, the "snake kingdom," and it appears that the lives of Caleb and I could be at stake. Rubben was even shot in Nairobi where we begin our teachings.

Let me tell you something. The hope of the Bride is worth this risk, and I see no other hope apart from this work. And as I see it, if we the Bride do not succeed, there is no other hope. We will all die and sin will only increase, and it will be "My God, my God, why have you forsaken us?" Caleb and I are willing to literally put our lives on the line for the deliverance of mankind, and if I am the Elijah I will succeed. And I pray you will not be a snug American, or where ever you are, and sit there and watch and read the writings and wait as a spectator and not support us with your finances. We cannot do the work which has to be accomplished if we do not have the finances. Even if the Spirit is poured out, there will be ongoing financial needs for food, lodging, transportation, facilities, and more. You cannot go with me, but you can support me and help make this work possible; and I very much need that support right now. And if you have not given before, please give now. It is very much needed! If you call yourself Bride, you especially need to give, even sacrificially!

Let me share a testimony regarding Caleb. On the same day when Rubben was killed, I received the following email:

Dear Gary

I am called Elijah Mwasi.

I am not a Christian and I haven't joined bride yet. I attended your three teachings in Kenya - Rongo, Nairobi and Busia.

I have been observing Caleb secretly and I can make my words on him, he is the only true pastor whom I have ever seen. I like his humility, openness and his willingness to help others.

I have been sympathizing with him on how he lived in his house, but I have a statement to make.

I am moving with my family to USA, Tennessee. I have been given permanent residence there.

I have a three bedroom house in Rongo, next to Catholic church. I have decided to surrender the property to him and his family for good.

I am meeting him tomorrow, and am going to write him an agreement so that we process the document for the property to be in his name.

He deserves a secure place and better place to call home.

I am flying out on Friday through Doha.
Elijah

This man expressed qualities about Caleb that I know to be true. Furthermore, Caleb has seen many fall around him, but for the kingdom's sake he endures. And I have talked with Pastor Raymond, who was at Rubben's side when he was shot, and he too endures with hope for the coming meetings. But right now we very much need your help. And frankly, it is most appropriate that this man's name happens to be Elijah, for this is indeed the Elijah work. Will you join me/us to see this work fulfilled? Before being called up on Mount Sinai, Elijah feared for his life as well. We face the same thing right now. Will you help in any way and amount you can? Will you help to defeat Satan?

I am asking you to give like you have never given before. Some have read and learned here at RemnantBride.com, and have never given. Whatever amount it can be, we need you to give now. For the kingdom's sake and in the same spirit as Rubben and others before him, will you give?

Regarding my life, I have resolved that I cannot hold onto that which does not belong to me, for I have been bought with a price. As well, as it is written, "For whoever wishes to save his life will lose it; but whoever loses his life for My sake will find it." I do not plan to physically lose it, but even so I have to live it as though it is not mine to claim. We have little time left before we fly out, and I need your help. The needs are very great, and I/we very much need your support. Please do not sleep! I need your generous response now, for in two weeks we will be flying to Africa. Frankly, I need the most generous gifts that could possibly be given. [Click here](#) to give.

Blessings,

Gary
