

GARY REPORT

The Trinity Of U.S. Governance

If any country, any governmental order, or any family desires to be truly successful, they should be built upon the governmental order of Yahweh God, which is a trinity. There is the Father, who is head, the Son, who does only the will of the Father, and there is the Holy Spirit, who/which empowers and equips in the administration of the will of the Godhead. What we will concentrate on in this Report is the trinity of the government of the United States of America.

The federal government of the United States is founded upon this critical three-part order. There is the head, the Legislative (the Senate and House of Representatives), which establishes the law. Next is the Executive (the President), who, like Yahshua, is the primary personal representative and keeper of the wellbeing of the people. You could call him the chief administrator of the government. And finally, there is the Judicial (the Supreme Court and lower Courts), which insure justness for the people. And most significantly, this is the exact trinity order set forth in "The Constitution Of The United States." Article I sets forth the Legislative, the Father. Article II sets forth the Executive, the Son. And Article III sets forth the Holy Spirit, the Judicial. Why do I note this? Because our nation is founded upon the Divine order of a trinity, and if that order is violated our nation will fall!

First, to reinforce this Divine order, let us consider some other like Divine trinities, as this number and order is the foundation of God Himself and is an essential and Divine governmental principle, impacting the whole of mankind. There is:

Father — Son — Holy Spirit

spirit — soul — body

mind — will — emotions

hearing — believing — acting

wisdom — understanding — knowledge

melody — harmony — rhythm

husband — wife — offspring

In each and every other case of a trinity, the first is the dominant and has the Divine right to rule. And if this headship is not followed, then there is rebellion and chaos. This is God's Divine order, and if altered produces corruption, failure, ruin, and death.

And we now add this Divine trinity:

Legislative — Executive — Judicial

So do you see then that the Legislative is the lawgiver, the Executive is the administrator of that set forth by the Legislature, and the Judicial insures the implementation of the laws and orders of the Legislative and Executive. Note that the third part is to do only the will set forth by the preceding two. The latter cannot create new laws, but direct the people to the Legislative or Executive—which they are now failing to follow with even massive deadly consequences! So again, the Legislative is parallel to the Father, the Executive is parallel to the Son, and the Judicial is parallel to the Holy Spirit. This is the order of America's Divine government.

All that I am sharing here was evident upon listening to a presentation by Attorney General Barr. It was a fresh breath of truth, reality, and revelation, and sounded a clarion warning to America. Whether you stop and watch it now, or watch it afterwards, make sure you watch his entire hour-long [presentation](#). He does an excellent job in laying out the history of and basis for a three-part governmental system—this Divine working trinity. And frankly, it is because of this trinity, which rests as the foundation of this nation, that we have been able to endure and succeed for all these years, setting the example for other nations. And, it is not surprising that the founding fathers came to this conclusion in so much that America is the kingdom of heaven at the nation's level. In fact, "America" means "heavenly kingdom." "Amer" is Old Gothic for "heaven." "Ric" means "kingdom," as in Germany's Third Reich. And the "a" at the end makes it feminine. Thus by its very name, America is the "heavenly kingdom," or the kingdom of heaven. And with that name and purpose comes great responsibility and accountability.

But also, unfortunately, because man remains in this cursed flesh given to him by the serpent sperm being cast down to the earth egg, what has happened and is all the more happening to America today, is precisely what happened in the original Garden of Eden—the weaker-vessel woman listens to the voice of the serpent, and the man listens to the woman, with both thereupon eating the forbidden fruit, becoming naked (which is profoundly present in our society today), and are cursed and removed from the Garden. And that is exactly what is happening, not only to this nation but to the church, unless Yahweh does a new thing. (You can read more concerning this corruption by clicking [here](#).)

Now, having said this about Attorney General Barr's presentation, obviously he emphasizes the Executive branch, of which he is a part, and moreso sees the weaknesses of the other two parts. And when it comes to the third-part Judicial branch of government, he has every reason and even obligation to criticize it for the way it is today—seeking to make law, which is the responsibility of the Legislative, and is now seeking to control and block the President in fulfilling his role as well. BY FAR the most egregious example of the third-part Judicial branch overstepping its role is the tragic implementation of law in *Roe v. Wade* in 1973! They have zero right to make law, and all one has to do in order to prove the tragic outcome of the third part of government abandoning its place, is to see what *Roe v. Wade* has brought about. And there are many other examples set forth in AG Barr's presentation that you should hear about. It is emotions telling the mind what to do. It is the children telling the father what to do. It is going by worldly knowledge and not by wisdom. And as attested by this heinous

law, it leads to corruption and death! That Judicial-made law regarding abortion must be revoked immediately! Given the laws of God and the laws of this nation, it is total lawlessness!

AG Barr also pointed out that the Judicial is not the arbiter of the other two branches of government, and this is no more lawful than the Holy Spirit is the arbiter. And what the feminine Democrats are seeking to do is to unlawfully get their way and obstruct the masculine Republicans. Once again the Democrats are proving their lawlessness, following their easily-deceived feminine nature. AG Barr rightly devotes extensive time and attention to this ever-expanding encroachment of the Judicial via the lawless feminine Democrats. And under the Democrats and female Nancy Pelosi, Congress is completely out of control and not just ineffective but a rabid dog in trying to destroy the President. It is totally feminized, a contentious woman (Proverbs 21:9 & 19).

So we see that it is because of this Divine trinity order that America has succeeded since its foundation in 1789 with the Constitution, and has prospered to the place where it is the most admired and successful nation in the history of man, and is the envy and leader of the world. But despite its success, of course the weakness of this nation is that it is operated by flesh man. The leading source of this is the Curse of 1920 with its rampant feminism where women have taken the right to participate in governance. That is a corruption of God's government, evidenced going all the way back to the Garden when the man listened to the woman Eve and ate from the forbidden fruit. And with the Curse of 1920 came the consequence set forth by Yahweh: "Your desire will be for the place of your husband ..." (Genesis 3:16). As addressed in [The Curse Of 1920](#), many destructive consequences were unleashed in that fateful year!

So we see that the trinity pattern of the government of the United States is a strength, but the weakness is that cursed flesh man is seeking to implement it. The reality is that only the Godhead can successfully implement it. And the reality is that, apart from the trinity of God, flesh man corrupts and destroys all of the trinities listed at the beginning here, and more. The key difference in this trinity per the governing of man in the Millennial Reign is that Immanuel will be the king, and the Holy Spirit "will convict the world concerning sin and righteousness and judgment" (John 16:8). Amen!

But now we see that man is destroying and corrupting this vital trinity, though it was set forth for the good and wellbeing of this nation. Benjamin Franklin said it best when he answered concerning the new government: You have "a republic, if you can keep it." And most significantly, he said that to a woman who had asked about it. A natural woman cannot keep this republic, and since 1920 our government has been feminized and has done to it exactly what Eve did to the Garden. Déjà vu! Thus, man today is failing to keep it, and only by the mercy of God will Immanuel return and preserve not only this nation but the peoples of all the world, when "The kingdom of the world has become the kingdom of our Lord and of His Christ; and He will reign to the ages of ages" (Revelation 11:15).

But having said all of this about the failure of feminism, here is its irony: It actually takes a female work to bring Immanuel back to this earth, to "birth" Him back to this earth. But it cannot be by a natural female, for that is lawlessness. It has to be a spiritual female to do so, and the only way that is possible is for this Bride to be

overshadowed by the Holy Spirit and thereupon "birth" Him back to this earth. And according to Yahweh's government, that has to be ordered by men, but is in fact a female work. The bottom line is, we are not adequate in ourselves, but He makes the way for His work to be fulfilled. Amen! Come quickly, Immanuel, "God with us."

If you have not yet done so, I urge you to listen to the entirety of AG Barr's [presentation](#).

We look to the Father,
